imagine

what's in store

Cape Design has been a premier supplier and manufacturer of shopfitting equipment for over a decade.

Our comprehensive range is competitively priced - but this certainly doesn't mean that we ever stint on quality. Quite the contrary.

A unique combination of top-grade products, first class service and keen prices means that Cape Design remains the first choice of many customers a fact we're hugely proud of.

We promise to:

- Use the highest-quality materials making our products practical and durable.

- Offer a wide range of finishes, from wood and melamine to veneer effects.

- Offer the highest standards of precision and craftsmanship.

- Give our customers what they want, when they need it.

- Be reliable, process orders quickly - and always deliver on time.

slatwallpanels

We offer a huge range of melamine-faced MDF panels and some are available immediately from our stock.

Other finishes made to order

Choose from our vast selection of finishes and we'll manufacture the panels to your personal specification in record time.

the
widest
choice

Melamine ▪ Laminated ▪ Wood Veneer ▪ Spray Painted ▪ Mirror

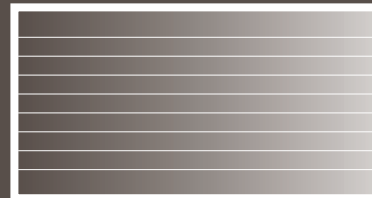

Portrait

2400 x 1200 x 100mm pitch

Landscape

1200 x 2400 x 100mm pitch

Square

1200 x 1200 x 100mm pitch

Any other
pitch, shape,
size or colour
is available -
the choice is
yours.

Melamine slatwall is our most popular range. We hold in stock a variety of melamine slatwall colours for you to choose from.

Our 'Special Finishes' range features melamine-faced slatted panels in a variety of realistic woodgrain finishes - see page 8.

Our supplier's manufacturing equipment allows any specified laminate to be applied to the high-quality MDF panels.

We can also supply panels with an acrylic mirror finish.

Call us for a quote - we won't be beaten on price or quality!

counter&displayunits

Our distinctive range of Counters and Display units are manufactured with the same precision and care as our Slatted Panels and are constructed using quality 18mm MDF to produce a superior product which is both attractive and durable.

Counters are available in any of our standard finishes and special toughened glass comes as standard. However, we can also tailor our finishes to our customers' individual requirements. Just call our sales team for details on how we can take this forward.

We're continually researching, looking at market innovations and developments so that we can offer our customers that little bit extra.

Recent additions to our Counter & Display range means a much wider choice.

As with all Cape products these new additions can be constructed bespoke to clients' exact needs.

QUALITY GUARANTEE

edge panels&shelves

We offer a bespoke service on our edge panels and shelves.

These can be cut to any specified size from our top-grade melamine facedMDF.

We can also work with other materials if customers require it.

Iron on edging

Iron-on edging is available in 100m length rolls in cream, grey, white, beech, oak, maple and ash.

finishing

Choosing the final look, feel and finish is the exciting bit. At Cape Design we offer colours and finishes to suit all design requirements.

Whether you want to go for plain and bold to make a statement or mix and match with contemporary shades and natural wood grains, we can help you create your very own unique look.

Inserts

Cape Design supplies a full range of inserts for slatted panels. Choose from either PVC or aluminium according to your visual or practical requirements.

Shapes

L-Section inserts are available as either clip-in PVC or slide-in aluminium inserts. L-Section PVC inserts offer the more flexible option as colours can be interchanged to match displays once the panels are in place. Aluminium T-Section and L-Section inserts must be fitted prior to installation.

Materials

PVC inserts are available in a choice of 27 colours for a variety of mix and match combinations - see page 8.

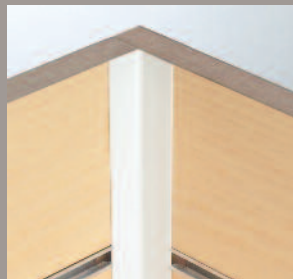

Profiles

PVC profiles can be supplied from stock in Cream, Dark Grey, Brushed Silver, Grey, White, Ash, Oak, Beech and Maple designed to complement Cape's standard range of slatted panels. Special colours can also be supplied to order.

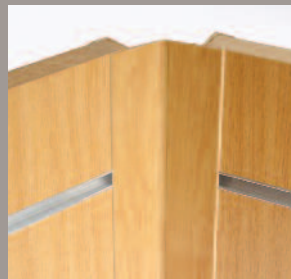

2-PIECE 'H' SECTION

2440mm long jointing section which accurately butts two panels together. Adjustable between 13mm to 20mm.

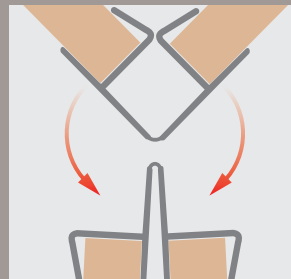

FLEXIBLE 20x20 INTERNAL CORNER

2440mm long. The section has a flexible spine to compensate for minor misalignment.

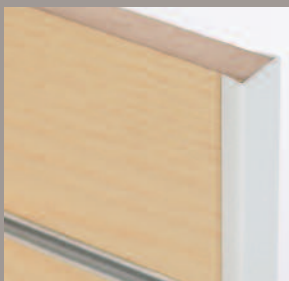

ADJUSTABLE INTERNAL/EXTERNAL CORNER

2440mm long decorative internal and external section. It has a flexible spine to allow 270° angle adjustable.

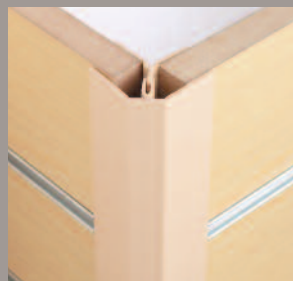

Maximum and minimum angles of the adjustable internal/external corner.

FLAT END CAPPING

This gives a neat, professional finish to 18mm panels. Available in all insert colours.

2-PIECE CORNER QUADRANT

2440mm long 90° decorative internal and external section designed to be fitted during panel installation. Adjustable between 15mm to 21mm.

'D' SECTION

2440mm long edging trim designed to give panels a contoured finish.

FIXED 32x32 90° CORNER

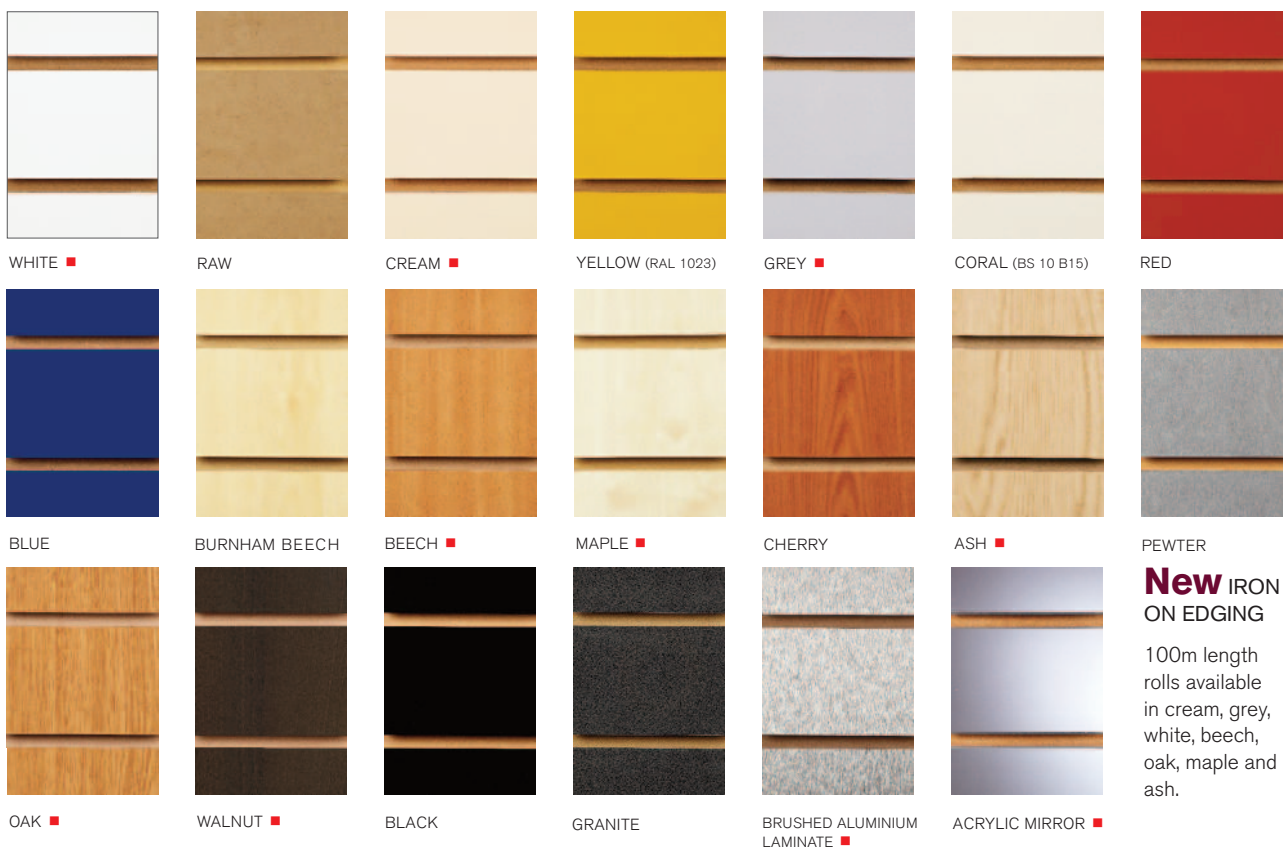

2440mm long 90° decorative internal and external section. Available in all insert colours.

Finishing touches are the icing on the cake in this business. We offer the very highest standards of precision and craftsmanship in order to deliver the best.

SLATTED WALL PANELS AND PANEL EDGING

Double-sided panels available in **all** colours. Single-sided panels only available in colours indicated by ■
